CORE OF RESISTANCE

B-Bobby

M-Matt

How did Core Of Resistance form?

B-Me and Matt wanted to start a band, so we started playing with different guitarists, then we got Mike and played without a drummer for 4 months. Then we got Bob and that is the story of Core Of Resistance.

How many shows have you played?

B-Two so far and alot more to come.

M-Two.

What motivates Core Of Resistance?

M-A need to expose people to the many problems facing the world today.

What would you say if someone told you the main reason for nuclear power is for energy and it is essential for a brighter future?

B-I would show them that they were wrong because we have many different energy sources like water, coal, etc. They are only weapons to destroy the world.

M-I believe we should expand our horizons and use solar and water power to greater extents. Man hasn't the knowledge to control nuclear power as witnessed at Three Mile Island and Chernobyl.

What are your favorite cartoons?

B-Jetsons, Flintstones, Underdog, etc. I don't like violent cartoons because the hero always wins and it gets boring.

M-Mighty Heroes, Deputy Dog, all Warner Bros.

Would you recieve the sign of the beast in exchange for the request of your choice?

B-No, because look what happened to Anthony. He wanted a new car, so he recieved the sign of the beast. Then he really paid. He is getting Coca-Cola shirts and water guns now.

M-No. I don't believe selling your soul to Satan would give you whatever you want.

What do you think of Lyndon Lyrroush?

M-His ideals are warped. His organization is run like a Stalin-era Russia, doing only what Lyrroush tells them, but claims to be a right-wing fascist. . .

Do you think Coca-Cola shirts are a communistic plot to convert the youth of America into communism?

B-No, like I said, it is the works of Satan to get everyone into Satanism.

M-No, they're just a new preppie fad.

What would you do if you woke up one morning and everyone was dead?

B-Idon't know what I would do. I will find out when it happens.

M-Put on an Oi record and turn the volume up all the way.

Do you plan on releasing any material soon?

M-We plan to get into a studio and put out a demo, send it to record companies, and hope for the best.

Do you have any fears?

B-Yes, nuclear destruction, no one coming to shows because of violence and a million of others.

M-Yes, of our future not being as bright as the ones in power say. With all the distressing international affairs, a brighter future seems hopeless.

What is your favorite color?

B-Red, white, and blue. I don't have just one favorite.(joking)

M-Red, it evokes violence.

What would you do if Ronald McDonald was knocking on your front door?

B-I would invite him for some beef patties with cyanide.

M-Boot him in the head until I draw blood.

How many songs do you have?

M-So far 17 originals, with lots more politically motivated songs on the way.

What is your favorite monster to appear in the Godzilla movies?

M-Ghidra.

If your room caught on fire and you could only take one thing with you what would it be?

B-My albums.

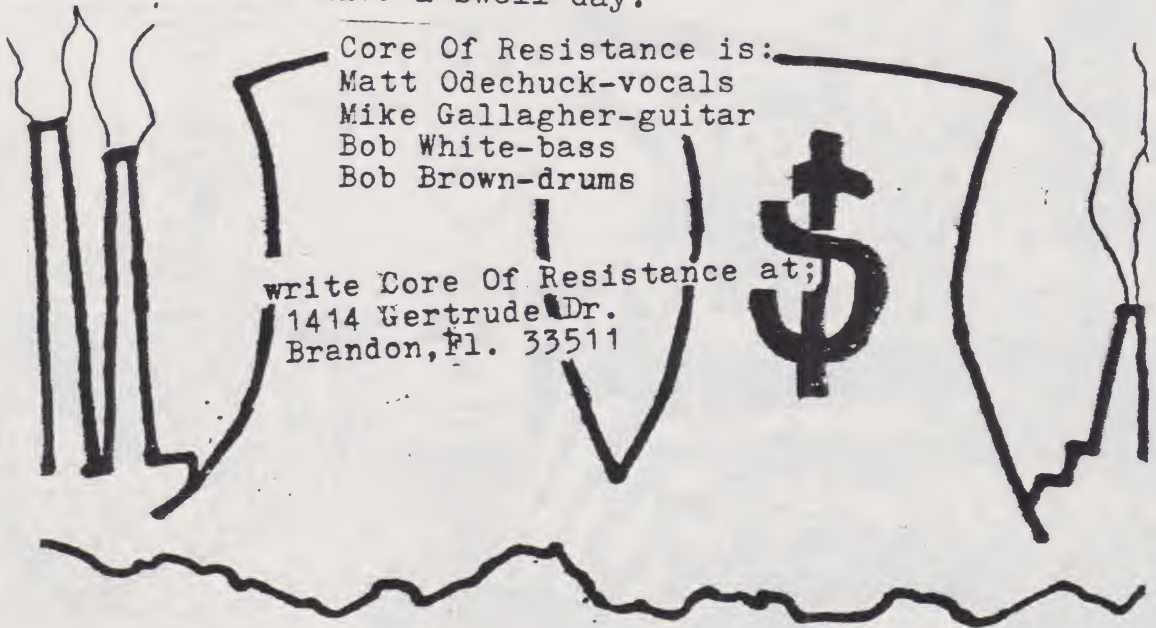

M-My well-treasured record collection.

What views is Core Of Resistance trying to get across?

M-Resistance is essential for our existence. Join together as one and reject their restrictions the establishment is trying to push on us. Unify and conquer.

Any last words to add?

M-You've got a friend in Core Of Resistance. Rise above apathy and care what is going on around you. If you see something you don't like try to change it. I hope some of my answers enlightened you for the better. Have a swell day.

Life in danger.

M-Mark
B-Billy
Mk-Mike

M-Who are the members of the band and what do they play?

B-Billy-vocals, Joey-guitar, Michael-bass, Mike-drums.

M-What do you have out for vinyl?

B-The 1st album and a new single with Right Is Right and 2 other songs and a new album coming out this summer.

M-Does anyone in the band skate? (Mike comes in.)

B-Joey and Mike.

Mk-I smile when I skate. The farthest I got in skating was Rock and Rolls and some aerals.

M-What or who are your influences?

B-Any music that has alot of energy and a strong impact. Lyrically, anything that is important. Something that has a strong meaning.

M-What do you think of Tampa?

B-So far it has been our favorite show we've played on our tour. We only knew about the show 3 days in advance.

RECORD REVIEWS

SEPTIC DEATH

Now That I Have The Attention, it is a repressing (U.K.) of Need So Much Attention with 4 new songs and a couple of changes on the cover art. All together it's excellent. Available from Pushead, P.O. Box 701, S.F., CA 94101 for just 5 dollars.

OHLO SECO 7"

This E.P. contains 5 tracks. There are 2 studio tracks, Istoe/ Ohlo Seco, and Castidade, and 3 live songs that are great also. They are Sinto, Latar Matar and Vira Violento. All the songs are thrash with rough vocals and it has a good sound quality. More from the band can be heard on MRR's Welcome to 1984 Compilation and on the Grito Suburbano Comp from Brazil. We recommend that you get this E.P. because it SHREDS.

INDIGESTI

Osservati Dall' Inganno(T.V.O.R. Records)

There's something about Italian hardcore that sends me into a chaotic frenzy not unlike a vulture diving for its find. This record is no exception! Some killer riffing, good rythm section, quick drumming, and higher pitched vocals all add up to some thrash offerings for your listening pleasure. This one's on baby blue vinyl for all you collectors. Be you a collector or not buy this or face a thousand lashings with wet linguini by Papa Gino. (Matt)

VELLOCET

Here is the Warning EP(Pogar Records)

Vellocet hail from Germany and present us with a great record to wreak havoc to. This comes in the form of a four track 7" on the exceptional Pogar Records. Much in the vein of counterparts WUT, Hostages of Ayatollah and Rotting Carcass, this contains four hot as hell ditties. (Matt)

PROTES BENGT

In Bengt We Trust EP(ROJ Records)

A total chaotic speedfest! 32 songs on this platter (incredible but true) featuring the guitarist and drummer of the superb Mob 47. Short but to the point, spontaneous combustion much in the school of the former. Purchase at all costs. (Matt)

NEUROOT

Might is Right EP

Starting off nicely with a harmonica, it erupts into a bombastic display of extremely powerful and tormenting Dutch thrash. This four song EP is intensely heavy, without being metal, and deals with political matters. Another incredible Holland band.

LARM

No One Can Be That Dumb EP

This is the latest offering from Holland's Larm and comes in the form of a 16 song EP. This continues where their split LP with Stanx left off. Devastatingly fast and intense with no end in sight. Biting social lyrics coupled with ultrasonic music can best be described as... awesome. A must! (Matt)

1984 THE SECOND-COMPILATION

(New Wave Records)

This is a double LP featuring a whopping 38 bands of which 32 are from France. A fairly diverse sampler ranging from speed thrash to punk. Some of my favorite bands are on here; Sound Of Disaster, Wretched, Civil Dissident and Mellakka. All bands have great cuts on here. Some obscure bands are finally getting recognition that they deserve. Bands such as Rapt, Kromozom 4, Final Blast, Heimatlos and many more. If you want to be exposed to some good foreign bands, get this. Looking forward to more releases on France's New Wave label. (Matt)

WE CAN DO WHATEVER WE WANT-BEST OF BCT #1

(BCT)

This record is the end product of 12 hours of tapes narrowed down to the best 37 minutes. 17 bands grace this platter of varying sound quality. An international sampler featuring thrash by the likes of Terveet Kadet, CCM, Wretched, Peggio Punx, Rattus, Raw Power, and more. Some really good music in these grooves, Looking forward to more vinyl releases by BCT. (Matt)

VICIOUS CIRCLE

The Price of Progress(C.O.R. Records)

Another mind-melting release from this Australian outfit. The Price of Progress, being Vicious Circle's first full length slab of vinyl, rages through fifteen destructive songs including a cover of Terveet Kadet's classic thrash anthem "Outo Maa". Another incredible release from Children Of The Revolution records. (Mark)

INDIREKT

Op Oorlogspad

A blazing release from this powerful Holland thrash band. They are fronted by a female vocalist, which is a great change of pace in a scene dominated by males. The lyrics are sung in Dutch but are translated on the lyric sheet which is good because they really have something to say. (Mark O.)

CANCEROUS GROWTH

Today's Society EP(Ax/ction Records)

This comes off the heels of their exceptional LP "Late For the Grave", and contains some ferocious thrash. Five stormin' numbers that slam you hard against the wall of your listening space. Some good speed changes also keep it moving. The song "Today's Society" contains the sacred line, "Get a haircut, kid!". I want everyone to get a haircut and get this record (Matt)

TH' INBRED

A Family Affair(Toxic Shock Records)

Incredible! This album rips! Great musicianship and a distinguishable vocalist make for some great well-thought out hardcore. In a time when lots of bands sound the same, Th' Inbred stick out in the pack. Intelligent music is what this record is composed of. If you have to steal kids' lunch money to buy this record, do it! A must buy. Try to get their "Reproduction" EP. before it goes out of print. (Matt)

FOLLOW FASHION MONKEYS

Follow Fashion Monkeys(Clymer Records)

At first glance, your "Average Joe" might pass by this album, in which the cover sports a large picture of a baby's head. Don't be foolish enough to make that mistake. For this album showcases 16 classic songs that blast right through your close-minded thoughts. Strong social and political lyrics lash out, backed by intense and well executed musicianship. Hailing from Pennsylvania, the FFM outfit deliver a devastating debut LP. Hope to be hearing more from them soon. (Mark O.)

ASEXUALS

Contemporary World(Psyche)

Wow! This record is hot! Melodic thrash performed to its fullest extent. Lots of catchy songs and riffs make it really memorable. Canadians are well-known for this musical genre and the Asexuals further prove this to be true. Beaming with energy from the first groove to the last both musically and vocally. Everywhere you go, whether you're in bed, in the shower, or on your skateboard you'll be singing these ten songs. (Matt)

STUPIDS

The Stupids have done it again with "Peruvian Vacation". It has 14 aggressive thrash tunes and even an appearance by Satan. Starts with "It's Fun To You" and ends with "Life's a Drag" with all excellent songs in between. The members are Marty Tuff-Guitar, Tommy Stupid on drums, and Wolfie Retard on bass. Tommy does most of the vocals, but they all help on vocals. Both Peruvian Vacation LP and Violent Nun 7" are available from C.O.R. Records, Box 333, 37 Stokes Croft, Bristol BS2 3PY, England.

HERESY

This is one excellent flexi. Done by Dig and Kalv, the sound quality is very good except that the vocals are recorded very low. The flexi has 6 shredding songs. The songs are Never Healed, Despair, Deathbiter, Anguish Of War, More Blood Is Shed, and Dead. This EP is well worth a dollar. It includes a sticker and lyric sheet. I know you're probably saying, "How can this be?" But it's true. Order it now from Pushead, P.O. Box 701, S.F., CA 94101. After all they are one of the fastest bands around, and all for \$1.00.

SONS OF SADISM

(Double A Records)

This is the first vinyl release for West German skate band S.O.S. Musically, it is along the lines of melodic thrash. It contains some catchy hooks and melodies that stick in your head. The lyrics are sung in English and German which is different. This record moves along at a fast pace and slows to more melody. All in all this is a fun record. (Matt)

AGNOSTIC FRONT

Cause for Alarm LP

It definitely is a cause for alarm when we lose another incredible hardcore band. At first listen to this album, I had to check to see if someone hadn't slipped on a Metallica record. They try to make it up to their old fans by doing a weak version of "Your Mistake" but fail. For all the speed metal fans out there, this album is a must. But after listening to this album a song from their "United Blood" 7" echoed in my head, "Traitor, Traitor, Traitor, Traitor, You're fuckin' two-faced." (Mark)

These reviews expressed within are those of the said reviewer. You may notice the majority of reviews are positive, because we don't buy poor records. If you'd be so kind, send records and tapes for review. No C.D.'s please. Thanks.
